

Aycliffe Drive School Values

Imagination – Challenge – Respect – Individuality – Community

IMAGINATION	We are encouraged to dream. We think creatively.
CHALLENGE	We believe that there are no limits to our potential. We do not give up when we find things difficult.
RESPECT	We listen to and value everyone's views. We treat everyone as we would like to be treated. We look after everyone's property and that of the school. We care about the natural environment.
INDIVIDUALITY	We recognise that everyone is unique with individual needs. We value our differences. We treat everyone fairly.
COMMUNITY	We are safe and cared for. We belong. We recognise our part in the school, the wider community and as a global citizen.
